MARSHLAND STUD STOCK SOLD

INDIANA BREEDER BUYS ADVER-TISER FOR \$5,300.

Lord of the Manor, Also of the Tracy Con signment, Brings \$725 —He and Klosk Go for Figures Below Expectations -\$2,000 for Yearling Colt by Allerton.

When the Marshland Stud stock was sched at the speed auction in Madison ware Garden yesterday more representa Square Garden yesterday more representa-tive breeders were in the building than in many months. Several animals included in the day's offerings traced to old Creen Mountain Maid, mother of Electioneer, he great speed sire, also of nine trotters, 2:30 or faster, both through their sires and dams. The lordly Advertiser, 2:15%, his seal-brown coat glistening, clean-limbed and with neck arched as he was led around the ring, headed the Tracy lot, and it was recalled that he was contemporary with the mighty Arion as a youngster and \$60,000 once was refused for him. In 1880 Gen. Tracy paid \$2,450 at Cleveland for the stallion, and after three years he

advanced not a little in popularity.

Advertiser started at \$2,000, a stranger crying that bid, rapidly advanced to the \$3,000 mark, where David Lamar held the boards. Lamar and Mr. Whiteley of Muncie, Ind., battled till \$3,500 was reached, which retired the local man. W. Harry Orr of Reading, Pa., then fought it out with Whiteley to a desperate finish. One hundred at a time had been the order from \$2,500 to \$5,000, then after raises of \$50 the horse finally reached \$5,300, Mr. Whiteley's bid, and Mr. Orr said "let him have him." The hammer champion yearling trotter, has sired nothing especially sensational with the best of oppor-tunities. vertiser is 14 years old, and save Adbell, the

Kentucky Wilkes, Jr., 2:2814, as a two-yearold last season, a pocket edition, but a fast little horse and highly bred, sold for \$1,500 to Capt. R. H. Tuthill, the Goshen horseman. Johnny Dickerson firmly believes he is a coming 2:10 three-year-old. Lord of the Manor and Kiosk sold below expectations yet the brood mares sold below expectations, yet the brood mares sold very satisfactorily.

B. W. Fowler paid \$000 for a two-year-old Advertiser filly that seemed promising.

A. A. Houseman of this city was a purchaser and picked out animals bred in the purple, one Ruby McGregor, by Robert McGregor from a Mambrino Patchen dam, being as high class an individual as one readily encounters anywhere. All in all, the closing out of Marshland Stud yielded Gen. Tracy in excess of what conservative estimators had placed as an aggregate. James McGuire secured the grand Illinois pacing mare Daisie Gardner. 2:14%, for \$650, presumably acting for Mr. Gilmore, who is the owner of the black mare Water Lily, 2:19%, by Sphinx. The Brockton trainer, Abe Johnson, secured Corysande 2:19%, for \$800 to race on the Massachusetts

2:19%, for \$800 to race on the Massachusetts half-mile track circuit this season.

Charles W. Williams sold the yearling colt by Alierton, 2:09%, from Palo Alto Belle, 2:22%, sister to Unimes and others, to William H. Smollinger of Galesburg, Ill., for \$2,000. The day's selling ended with the lots directly preceeding Penn Valley Stud's offerings and headed by the great Oakland Baron, 2:00%. The selling to-day will be entirely from that establishment's lots.

Worthier, sold by J. B. Haggin yesterday for \$800, was purchased at one of the Bonner sales here for about \$5,000. He is a half-brother to Sunol, 2:00%, to head his stud so sacrificed him. Barney Demarest picked him up and may race him.

At the evening session Carmine, 2:07%, and Billy Andrews, 2:00%, were the drawing cards and each sold high. Carmine raced all last season, but was never a very prominent. first money winner. John Maguire bought Billy Andrews for \$2,000 and sold at an advance of \$100 before getting his receipt at the box office. Col. Lawrence may be the real purchaser of the grand race mare Gracie Onward, 2:12, as she was bid off by Charles Hendrickson, who has at times had Col. Lawrence's horses.

William Bash Wins Tournament With Clean Record of Victories.

The handicap tournament under New York Billiard Club auspices in which six amateurs have been trying their skill at the 14-inch balk-line game was finished at Daly's Academy last night. The winner of first prize was William Bash, who won five games and est nothing. Last night Bash took Charles Roder, another 200-point man, into camp. The game was close and interesting from the start and fairly well played. The score:

The three-cushion epidemic which has been raging virulently in the West for some time has struck New York and is spreading among billiard devotees here. "It is becoming a rage" said one roomkeeper yesterday." I have always been opposed to three-cushion caroms but have had to cater to it. A handicap three-cushion tournament is now on at Siosson's. It has ten entries from among husiness men who play daily for prizes offered by the student. The first prize is a fifty-dodiar trophy, while prizes are offered for the best run and the best single average. The best run made so far is 7 and the best average 30.50.
The players last right in the pool tournament in Green's room in Brooklyn were bridge and flighte, the latter parting 100 to the former's 39. Bridge won by pocketing to balls to his expansent's 50.

"THUMPS" KEEP FAVORITE OUT. Cantadas Goes Wrong Warming Up and

New Book Is Ordered. NEW ORLEANS, Jan. 29. - There was a smallsized sensation at the track this afternoon when Cantadas, the even money favorite for the jumping race, was scratched a few minutes before post time and a new book ordered. Cantadas was warmed up three-eights of a mile through the heavy going, and when the horse was brought back to the paddock he developed a severe case of "thumps." His temperature went up rapidly, and when it reached 102 the track veterinary notified the officials to scratch the horse. Dagmar beat the favorite, Mr. Rose, hands down in the

NEW LEASE FOR MORRIS PARK

RACETRACK SECURE FOR TWO MORE SEASONS.

II. Morris Says Westchester Racing Association Will Not Be Forced to Move Yet - When the Time Expires It May Be City Island or Empire City.

NEW ORLEANS, Jan. 29 .- The question of whether or not the Morris Perk racetrack of New York, run by the Westchester Racing Association, is to be divided up into city lots is definitely answered by announcement by Alfred Hennen Morris, himself on that subject. He said to-day that the pask has just been re-leased by the Westchester Racing Association for an additional term of two years, and would be managed by it as usual during this period as an up-to-date establishment. After the expiration of these two years, the park will be divided up into town lots and sold, provided the suburban railroad now contemplated to run through the property is built, as will

most likely be the case.
"The story of the dividing of Morris Park into town lots probably originated from the fact that a railroad has been projected which, if built, as is likely to be the case, will cut the park into halves and thus destroy its usefulness as a racetrack," said Mr. Morris to an inquirer. "The road cannot be built within the next two years, and during that time the Westchester Racing Association will manage the park, as that

organization has done heretofore."

Mr. Morris said he had heard a rumor that Senator Sullivan would only conduct trotting races this season, as he has not yet secured dates from the Jockey Club for his new track.

for his new track.

It has often been predicted by racing men that when Morris Park should be cut up into building lots the sport would be transferred to the Empire City track of Yonkers, not very far away. But within the past few days there has been a rumor that the Empire track will soon be devoted exclusively to trotting and that a new racetrack will be built at City Island. The City Island property has been changing hands recently, and some persons aver that several men involved heavily in the racing game are interested in what is expected to be the site of the biggest track in the East. City Island is accessible both by rail and boat, and the lay of the land there would not require much work to construct a fine race course.

If it should turn out that there is nothing in the City Island project and the Empire track at the coming sale should be bought up by men closely identified with racing, it is more than probable that the Yonkers track will be Morris Park's substitute. Morris Park was built by the late John A. Morris, and to-day it is the finest racetrack, all things considered, in the United States. Its broad stretches and chutes afford splendid sport, while the accommodations for the public are unexcelled. Last year the Westchester Racing Association

dations for the public are unexcelled. Last year the Westchester Racing Association enjoyed much prosperity, and for the coming season a long list of rich stakes are

HOCKEY.

Crescent A. C. Defeats the Hockey Club of New York in an Exciting Game. The Crescent Athletic Club defeated the Hockey Club of New York last night in a hard-fought game of hockey in the Clermont Avenue Rink, Brooklyn. The Hockey Club until last night had not been beaten, and the Crescent Athletic Club had lost one game, so it was expected the game would be a good one, and as each side has several players who are noted for rough playing no one expected to see a parlor game. The rink was crowded with hockey enthusiasts, and each side had an army of rooters who kept cheering all the evening. The Hockey Club was outplayed. The final score was 7 to 3 in favor of the Crescents. There was not much intentional roughness. The game was fast from the start, and in a fast game of hockey some one is likely to be hurt. Nearly all the players were knocked down some time in the contest, and some received rather hard knocks. Ducette, De Casanova and Dobby were the ones hurt. Ducette was tripped and in falling struck his head on the ice. Russell shortly after this collided with De Casanova, and that player fell heavily on the ice and he was practically out. He was able to go on after a rest. Then Dobby was knocked down, and he struck his forehead on his hockey stick. The stick was broken, and Dobby received an ugly cut on the fore-

Liffiton and Russell faced off and the Hockey Club got the puck. It was rushed to the Crescent goal and Ducette shot, but Hallock was too quick and the puck was sent out of was too quick and the puck was sent out of danger. Then it was carried toward the Hockey club goal and Wall tried to score, but failed. There was a long scrimmage in front of the Crescent goal and several hots were fired at Hallock, but all were stopped. Wall then got the puck at the other end of the rink and after nine minutes' play score the first goal of the evening for the Crescents. Shortly after this Kennedy missed a goal by an inch, and in a scrimmage Wall went down. Phillips rushed the puck and shot hard, but again it was stopped. The puck went up and down the rink until Newberry made a good run, and when near the Crescent goal passed the puck to Ducette, who scored for the Hockey club. When play was resumed was put out of the game for three minutes for trying to trip a Crescent man. While he
